

# Healthy Ears For Babies 6 to 12 Months

Little kids need healthy ears to listen and learn.  
 These are the signs that little kids can hear well.

Click yes or no.

Print and paste your own photos  
 or drawing here.

Indicators (Signs that babies can hear well)	Yes	No
Do they wake up if there is a loud noise? Door slamming or people yelling?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they turn their head or eyes to look when you clap hands to get their attention?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they look when you make high and low sounds to check their ears?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they jump or get a fright if there is a really loud noise? Like shouting or a rock on the roof.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they look for you when you call their name?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they stop feeding sometimes when they hear a noise nearby?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**Remember! Babies may have listening problems...**  
*if they have sore or runny ears right now.*  
*if they get sore or runny ears a lot.*  
*if they get a runny nose a lot.*  
*if they have to take medicine for sick ears a lot.*

**Ticked more blue boxes?**  
 Take the baby to the clinic for a check-up.
