

# Healthy Ears For Little Kids 3-5 Years

Little kids need healthy ears to listen and learn.  
These are the signs that little kids can hear well.

Click yes or no.

Print and paste your own photos  
or drawing here.

Indicators (Signs that little kids can hear well)	Yes	No
Do they listen to the TV on <u>low</u> volume?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they hear you when you call out to them from behind?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they point the pictures when you ask them to?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they talk to you and other people in your family?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Do they look towards noises like a plane coming or a door slamming?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**Remember! Little kids may have listening problems...**  
*if they have sore or runny ears right now.*  
*if they get sore or runny ears a lot.*  
*if they get a runny nose a lot.*  
*if they have to take medicine for sick ears a lot.*

**Ticked more blue boxes?**  
Take the child to the clinic for a check-up.
